## MB96 Tokens, Tickets and Passes

We present another section of the Emyr George collection, continuing the series of Welsh pub checks, lamp checks and mining tokens. We also have a section on trade union tokens or badges, some very early pieces including the rare set of the Miners' Federation of Great Britain, all letter shaped and stamped with the local branch name, in this case Aberdare. As we wrote last time Emyr was a great one for swapping his tokens with others, buying lots, and then exchanging them for tokens he needed for his collection. This is why we find stray English, Scottish and occasional overseas tokens scattered amongst the Welsh. There are also consignments from other collectors at the end of the catalogue, including a couple of coin weights.

This will be our third auction on the new website. All bidding will be done online with the usual cut-off time at 12 noon. You will need to register to bid and give yourself a user name (this is masked with first and last characters only shown). While you need to provide a debit or credit card to register, when you purchase from us you will have other options for payment. From the 'My Account' section you will be able to see what bids you're winning or losing, and can view your 'watch' list too. Please be sure to add our email address to your contacts (otherwise alerts from us may not reach you or end up in your junk folder).

**If you do not have access to the internet, we can bid on your behalf** as long as we receive instructions by **Saturday 12 December in the post or by email**, so you won't lose out with the new system. However, it is much better if you bid online.

Do use the key word and category search facility on the net. There are crossovers between the categories especially on place names and themes; you may miss things otherwise.

Increments: In the future bids will increase in the following way:

£1-£20 £1 increments  
£20-£40 £2 increments  
£40-£100 £5 increments  
£100 onwards £10 increments.

The auction uses proxy bidding so that you only see the current winning bid, not someone's maximum bid (think eBay). There won't be tied bids in the future - if someone else has bid your maximum before you, they win unless we have your instruction to increase your bid by a set number of increments e.g. 1 or 2 bids. There's no third party sniping facility but of course you can bid up to (almost) the closing time online. Be aware though that once the auction is calculating winning bids at the end you may not be able to place last minute bids. You will get an alert by email for lots won; at that point go to My Account and checkout 'bids won'. That then creates an order and gives you options to pay.

The buyer's premium remains at 5%. The price online is the reserve if no bids registered. We reckon this is roughly half estimated price but loads of these tokens are

seriously rare and known from only 1 or 2 examples. We're grateful for the assistance of certain collectors for their expertise. The Welsh pub checks follow the Cox brothers work: *Pub Checks of Wales 2005*. Other Welsh tokens can be found in *Cox Tokens, Checks, Metallic tickets, passes and tallies of Wales 1800-1993*. Those tokens starting with numbers over 2000 are from volume 2, (2012) and many of these recorded examples belong to Emyr, as noted in the text. The majority of tokens in this listing are very modestly priced and you may need to be brave if you really want a certain token. So bid high, and bid early please! All best wishes from us both in these strange times  
Howard and Frances Simmons, Simmons Gallery Ltd

*We will continue to accept postal and telephone bids for customers without access to the internet - non internet bids must be received by Saturday 12 December noon latest, but please bid online if you can. (thank you!)*

All telephone bids must be confirmed in writing. We bear no responsibility for bids not being received, nor for the late arrival of any bids. The first price in the catalogue is the **reserve** (res) as well as the starting price (same online); bids will be refused below this. The second price is an **estimate** (est) but you may need to bid higher to secure a lot. Offline bids should also let us know if you wish to increase your bid by 1 or 2 increments to obtain a lot.

**Postage** is added to orders at cost + VAT at standard rate. Goods sent by tracked insured mail wherever possible.

**Payment:** Payment is due on receipt of our invoice, goods are sent out when we receive payment. We accept cash, sterling cheques and bank transfers. Payments from abroad should be in GB pounds sterling drawn on a UK bank. We accept PayPal, credit cards (Visa, MasterCard) and UK debit cards via Stripe. If you wish to pay by card please put your card details on the bid-sheet (card number, expiry date, last 3 numbers on signature strip) and name and address as written on your card and statements and sign your bid sheet before posting to us. Successful bids can then be sent out without delay which speeds up transactions to the advantage of all. Do not send credit card details by email.
