## *MB104 Tokens, Tickets and Passes Auction 27th September 2022 from 12 noon*

We hadn't intended to do another auction of consigned tokens but Alan Cox twisted our arms mightily so here we are again with a bumper catalogue. Although some of the material duplicates that offered in the Emyr George Welsh sales, there are many tokens never offered then, and rarely elsewhere.

ALL the tokens in this auction come from the collection of Noel and Alan Cox. Their reference works on two hundred years of Welsh paranumismatic history are classic references, combining knowledge and research from private and public collections. So not everything in the books will be in this auction. The first volume of *The Tokens, checks, metallic tickets, passes and tallies of Wales 1800-1993* appeared in 1994. A second volume in 2012 produced a further 800 tokens including amusement park prepayment tokens. Anything with a number in the 2000s is in the second volume. The Welsh pub checks follow the Cox brothers work: *Pub Checks of Wales 2005*.

Some of the lots are of multiple items - full listings are online for the Co-Op checks, the market checks, the clubs and the bonus/dividend checks on the relevant lot page. If you can't access the internet and want the listing printout let us know. There will be a small charge for printing and postage at cost for this.

Do use the key word and category search facility on the internet and read right through the catalogue. There are crossovers between the categories especially on place names and themes; you may miss things otherwise. The last 100 lots are very mixed!

All bidding will be done online with the usual closing time from 12 noon. You will need to register to bid and give yourself a user name. While you need to provide a debit or credit card to register, when you purchase from us you will have other options for payment. From the 'My Account' section you will be able to see what bids you're winning or losing, and can view your 'watch' list too. Please be sure to add our email address to your contacts (otherwise alerts from us may not reach you or end up in your junk folder).

**If you do not have access to the internet, we can bid on your behalf** as long as we receive instructions by **Monday 26 September, in the post or by email**, so you won't lose out with the online system. However, it is much, much better all round if you bid online.

*\*\*\* Please note that our office will be closed from 10-18 September inclusive. We'll respond to queries on our return.*  
After the auction, we will be at Token Congress so packages can be delivered there if you're attending.

Increments: Bids will increase in the following way:

£1-£20 £1 increments

£20-£40 £2 increments

£40-£100 £5 increments

£100 onwards £10 increments.

The auction uses proxy bidding so that you only see the current winning bid, not someone's maximum bid (think eBay). There won't be tied bids in the future - if someone else has bid your maximum before you, they win unless, offline bidders, we have your instruction to increase your bid by a set number of increments e.g. 1 or 2 bids. There's no third party sniping facility but of course you can bid up to (almost) the closing time online. Be aware though that once the auction is calculating winning bids at the end you may not be able to place last minute bids. You will get an alert by email for lots won; at that point go to My Account and checkout 'bids won'. That then creates an order and gives you options to pay. We're **not charging a buyer's premium** - keeping things simple! Also it may help our overseas buyers if faced with import charges.

The price online is the reserve if no bids registered. We reckon this is roughly half estimated price but loads of these tokens are seriously rare and known from only a few examples. We're grateful for the assistance of certain collectors for their expertise. As ever with us, the majority of tokens in this listing are very modestly priced from the start and you may need to be brave if you really want a certain token. So bid high, and bid early please!

All best wishes from us both, keep safe, and enjoy your hobby

*Howard and Frances Simmons*

## Terms & Conditions of Sale

**General terms:** All items are guaranteed genuine as described. Prices realised are sent after the sale to bidders and available for download from [simmonsgallery.co.uk](http://simmonsgallery.co.uk)

**Postal /online auction:** Closing date for bids is **Tuesday 27 September 2022 at 12 noon GMT. You need to register before you can bid online - your user name will be masked showing only the first and last letter or digit.**

*We will continue to accept postal and telephone bids for customers without access to the internet - non internet bids must be received by first post Monday 26 September noon latest, but please bid online if you can. (thank you!)*

All telephone bids must be confirmed in writing. We bear no responsibility for bids not being received, nor for the late arrival of any bids. The first price in the printed catalogue is the **reserve (res)** as well as the starting price (same online); bids will be refused below this. The second price in the printed catalogue is an **estimate (est)** but you may need to bid higher to secure a lot. Offline bids should also let us know if you wish to increase your bid by 1 or 2 increments to obtain a lot.

**Postage** is added to orders at cost + VAT at standard rate. Goods sent by tracked insured mail wherever possible.

**Payment:** Payment is due on receipt of our invoice, goods are sent out when we receive payment. Please checkout your order from your online account. We accept cash, sterling cheques and bank transfers. Payments from abroad should be in GB pounds sterling drawn on a UK bank. We accept PayPal, credit cards (Visa, MasterCard) and UK debit cards via Stripe. If you wish to pay by card as an offline bidder please put your card details on the bid-sheet (card number, expiry date, last 3 numbers on signature strip) and name and address as written on your card and statements and sign your bid sheet before posting to us. Successful bids can then be sent out without delay which speeds up transactions to the advantage of all. **Do not send credit card details by email.**
