MB100 Tokens, Tickets and Passes

Our centenary collection of auction lots! The sale is from just two consignors. A collector has consigned from overseas an important group of 17th century tokens on the theme of London, the City of London and Southwark. It encompasses what we now call Greater London. A major feature is the number of pictorial tokens; trades, animals, birds, knights and dragons, heraldry and myths. Mostly such tokens are not found in the highest grade, as these were well used in a time when small change was in short supply. However, these examples offered are in great condition overall, although a few are Thames finds as indicated. In addition there are outliers from other English counties and evasions, plus oddments like the group of Spitalfield market checks, sold as one lot. See our blog online for stories linked to these tokens and check out the references as listed in this catalogue. As these lots 1-247 are imported into UK, there will be a 5% tax added to all invoices to UK buyers only. However, the buyer's premium at 5% plus VAT is payable on all the auction lots in the sale.

We continue the auction with the Emyr George collection, the final tranche of Welsh, English & Scottish pub checks, political and working men's club tokens, lamp checks and mining tokens. This is pretty much the final offering from that stellar collection.

Do use the key word and category search facility on the net and read right through the catalogue. There are crossovers between the categories especially on place names and themes; you may miss things otherwise.

All bidding will be done online with the usual closing time from 12 noon. You will need to register to bid and give yourself a user name. While you need to provide a debit or credit card to register, when you purchase from us you will have other options for payment. From the 'My Account' section you will be able to see what bids you're winning or losing, and can view your 'watch' list too. Please be sure to add our email address to your contacts (otherwise alerts from us may not reach you or end up in your junk folder).

If you do not have access to the internet, we can bid on your behalf as long as we receive instructions by **Monday 4 October, in the post or by email**, so you won't lose out with the new system. However, it is much, much better all round if you bid online.

Increments: Bids will increase in the following way:

£1-£20 £1 increments

£20-£40 £2 increments

£40-£100 £5 increments

£100 onwards £10 increments.

The auction uses proxy bidding so that you only see the current winning bid, not someone's maximum bid (think eBay). There won't be tied bids in the future - if someone else has bid your maximum before you, they win unless we have your instruction to increase your bid by a set number of increments e.g. 1 or 2 bids. There's no third party sniping facility but of course you can bid up to (almost) the closing time online. Be aware though that once the auction is calculating winning bids at the end you may not be able to place last minute bids. You will get an alert by email for lots won; at that point go to My Account and checkout 'bids won'. That then creates an order and gives you options to pay.

The price online is the reserve if no bids registered. We reckon this is roughly half estimated price but loads of these tokens are seriously rare and known from only 1 or 2 examples. We're grateful for the assistance of certain collectors for their expertise. The 17th century tokens reference Williamson *Trade Tokens Issued in the Seventeenth Century vol.2* and Everson *Seventeenth Century Trading Tokens of Surrey and Southwark* with provenance to sales where known. The Welsh pub checks follow the Cox brothers work: *Pub Checks of Wales 2005*. Other Welsh tokens can be found in Cox *Tokens, Checks, Metallic tickets, passes and tallies of Wales 1800-1993*. Those tokens starting with numbers over 2000 are from volume 2, (2012) and many of these recorded examples belong to Emyr, as noted in the text. As ever with us, majority of tokens in this listing are very modestly priced from the start and you may need to be brave if you really want a certain token. So bid high, and bid early please! All best wishes from us both, keep safe, and enjoy your hobby

Howard and Frances Simmons,

Simmons Gallery Ltd

Terms & Conditions of Sale

General terms: All items are guaranteed genuine as described. Prices realised are sent after the sale to bidders and available for download from www.simmonsgallery.co.uk **Buyer's premium on all lots is 5% plus VAT at standard rate. This will be added to your invoice together with the 5% Import Tax if you're a UK buyer on the first 247 lots.** At present the buyer's premium is calculated but not automatically added to your order so you will have a supplementary request to pay on your invoice.

Postal /online auction: Closing date for bids is **Wednesday 6 October 2021 at 12 noon GMT. You need to register before you can bid online - your user name will be masked showing only the first and last letter or digit.**

We will continue to accept postal and telephone bids for customers without access to the internet - non internet bids must be received by first post Monday 4 October noon latest, but please bid online if you can. (thank you!)

All telephone bids must be confirmed in writing. We bear no responsibility for bids not being received, nor for the late arrival of any bids. The first price in the catalogue is the **reserve (res)** as well as the starting price (same online); bids will be refused below this. The second price is an **estimate (est)** but you may need to bid higher to secure a lot. Offline bids should also let us know if you wish to increase your bid by 1 or 2 increments to obtain a lot.

Postage is added to orders at cost + VAT at standard rate. Goods sent by tracked insured mail wherever possible.

Payment: Payment is due on receipt of our invoice, goods are sent out when we receive payment. Please checkout your order from your online account. We accept cash, sterling cheques and bank transfers. Payments from abroad should be in GB pounds sterling drawn on a UK bank. We accept PayPal, credit cards (Visa, MasterCard) and UK debit cards via Stripe. If you wish to pay by card please put your card details on the bid-sheet (card number, expiry date, last 3 numbers on signature strip) and name and address as written on your card and statements and sign your bid sheet before posting to us. Successful bids can then be sent out without delay which speeds up transactions to the advantage of all. **Do not send credit card details by email.**
