MB109 A random selection of numismatic items from our stock - at auction

Closing from 12 noon GMT on Wednesday 30 October 2024

There isn't much order in the way this auction has been catalogued, unlike our previous offerings. However, it does contain many of the themes that our collectors love: contemporary medals from BAMS, the Monnaie de Paris and other mints. Older commemoratives from the Royal Mint, and even older ones produced in the Victorian and Edwardian eras. There are medals and tokens from Britain and Europe, including a mini collection of Irish tokens. As we catalogued we noticed how many items were political, satirical or commemorated a major historic event. Quirky but we hope you enjoy looking through the catalogue.

All bidding will be done online with the usual closing time from 12 noon. You will need to register to bid and give yourself a user name (this is masked). While you need to provide a debit or credit card to register, when you purchase from us you will have other options for payment. From the 'My Account' section you will be able to see what bids you're winning or losing, and can view your 'watch' list too. Please be sure to add our email address to your contacts (otherwise alerts from us may not reach you or end up in your junk folder).

*** If you do not have access to the internet, we can bid on your behalf as long as we receive instructions early, so you won't lose out with the new system. However, it is much, much better all round if you bid online because we can't update your bids at the last minute. Also the mail really isn't reliable for time-based auctions.

Increments: Bids increase in the following way:

£1-£20 £1 increments

£20-£40 £2 increments

£40-£100 £5 increments

£100 onwards £10 increments.

The auction uses proxy bidding so that you only see the current winning bid, not someone's maximum bid (think eBay). There won't be tied bids in the future - if someone else has bid your maximum before you, they win unless we have your instruction to increase your bid by a set number of increments e.g. 1 or 2 bids. There's no third party sniping facility but of course you can bid online up to (almost) the closing time online. Be aware though that once the auction has started calculating winning bids from 12 noon onwards you may not be able to place last minute bids. You will get an alert by email for lots won; at that point go to 'My Account' and checkout 'bids won'. That then creates an order and gives you options to pay. Please note that there may be extra postage charged afterwards for heavy items such as books or large cast medal - it depends on the destination, choice of carrier and just how heavy the items are.

THERE IS NO BUYER'S PREMIUM

The price online is the reserve if no bids registered. We reckon this is roughly half estimated price. Silver items have been calculated often on their bullion value so there are bargains to be had as silver has increased recently in price.

All best wishes from us both

Howard and Frances Simmons, Simmons Gallery Ltd

Postal /online auction: Closing date for online bids is Wednesday 30 October from 12 noon GMT.

You need to register before you can bid online - your user name will be masked showing only the first and last letter or digit. (thank you!) The post is still unreliable so bid early if offline.

All telephone bids must be confirmed in writing. We bear no responsibility for bids not being received, nor for the late arrival of any bids. The first price in the catalogue is the reserve as well as the starting price (same online); bids will be refused below this. The second price in the printed catalogue is an estimate but you may need to bid higher to secure a lot. Offline bids should also let us know if you wish to increase your bid by 1 or 2 increments to obtain a lot.

Postage is added to orders at cost (+ VAT at standard rate if in UK). On books and heavy medals, there may be a supplement for postage above the that on the automatically generated invoice. Goods sent by tracked insured mail wherever possible.

Payment: Payment is due on receipt of our invoice, goods are sent out when we receive payment. We accept cash, sterling cheques and bank transfers. Payments from abroad should be in GB pounds sterling drawn on a UK bank. We accept Credit cards (Visa, MasterCard), UK debit cards and others via Stripe, as well as PayPal. If you wish to pay by card please put your card details on the bid-sheet (card number, expiry date, last 3 numbers on signature strip) and name and address as written on your card and statements and sign your bid sheet before posting to us. Successful bids can then be sent out without delay which speeds up transactions to the advantage of all. Do not send credit card details by email.

MB109014	<p>Rob Wood Past and Present - a quotation from Proust's great literary work <i>A la recherche du temps perdu</i> - a medal for BAMS 2001, bronze steel and magnets 78mm, manufactured by the artist while a tutor at Falmouth College of Art. The Medal no.39. This playful medal features on the cover of <i>British Art Medals 1982-2002</i> by Philip Attwood.</p> <p>Medal uses the following quotation from Proust's masterpiece: If owing to the work of oblivion, the returning memory can throw the bridge, for no connecting link between itself and the present minute, if it remains in the context of its own place and date, if it keeps its distance, its isolation in the hollow of a valley or upon the highest peak of a mountain summit, for this very reason it causes us suddenly to / breathe a new air, an air which is new precisely because we have breathed it in the past, that purer air which the poets have vainly tried to situate in paradise and which could induce so profound a sensation of renewal only if it had been breathed before, since the true paradises are the paradises that we have lost. Marcel Proust, <i>Le Temps retrouvé</i>, 1926</p>	100
MB109015	<p>No Words bronze medal for Millennium by Jane McAdam Freud for BAMS, 2002. A chrysanthemum open and closed. The Medal 41, edition of 41 only. Original white-blue patina as issued 97mm. The artist wrote: 'I have made No Words as part of a new series, in response to recent world events. The medal remains a fitting medium for comment. This medal shows the chrysanthemum in its open form on one side and its closed form on the other. The rim is marked with the date 2001. The open flower symbolises the hopes and dreams with which we approach something new – particularly a new beginning such as the new millennium. The closed flower serves to express the fear and protectiveness that ensues after any tragedy – all the world tragedies of 2001, including September 11. I have tried to make this medal precious and jewel-like to hold, much like a flower is to see. It is patinated white to portray the purity of hope and innocence in contrast with the ghostliness of haunting events.'</p>	125

About her BAMS medal, Elle, the artist writes: A woman offers the beauty of her body, and her female form excites the observer. But her hands and feet enfold the curled up body, as if offering her protection. At the same time her hands seem also to hide her emotions, her feelings and her dreams, concealing them from the inquisitive look of the stranger.</p>	65
MB109017	<p>Stephen Gregory bronze medal hand sculpture for BAMS in 2002. : Grid Reference 1952. Cast by Pangolin Editions, 93mm x 117mm. Edition of 20 only plus 2 artist's proofs. MB109018	<p>Soglio bronze medal by Nigel Hall 2002 for BAMS. Edition of 58 pieces The Medal 42, cast by David Reid. 98 x 98 x 26mm.</p> <p>Hall writes: The title Soglio refers to the Swiss mountain village of that name in the Bregaglia valley near the Italian border. It is a place I visit nearly every year, always in the depths of winter, to walk and draw both there and in the nearby Engadine. By chance, it is the valley in which Alberto Giacometti was born, whose work I have always much admired. Built on its steep slopes, the stone houses are tightly grouped about the slender bell-tower of the church. This vertical tower is the still centre of a complex arrangement of mountain peaks, crystalline rock formations, and the forceful diagonal lines of scree. The sun appears late above the mountains and the strong contrast between light and shadow gives great emphasis to edge.</p>	125
MB109019	<p>Double Dice bronze medal by artist Patrick Hughes for BAMS 2004. Edition of 17. Cast pewter and pigment, cast by A E Williams, 36 x 84 x 18mm.
